

## SPECIAL NOTICE!

### EDGECOMBE COUNTY HURRICANE MATTHEW DEBRIS PICK-UP

Pickup for Hurricane Matthew related debris will begin Monday, November 7th. This will be ONLY for hurricane impacted areas in the County and ONLY for residential structures. This does not include Tarboro or Rocky Mount (those municipalities are handling their own debris pick-up).

The debris must be placed on the curbside or roadside right of way. We cannot enter onto your property to pick up the debris. Refer to the diagram below. Be sure to separate white goods, large appliances and electronics. Note that regular household garbage is not to be placed with storm debris. The pick-up will run approximately 30 days, and we cannot specify when the trucks will be in your area. If you have any questions, contact Edgecombe County Solid Waste at (252) 827-4253.
